

# Free meter program

## Helping you manage your diabetes

Diabetes may harm your eyes, kidneys, nerves, heart and blood vessels. The impact can be long-term. Regular blood sugar testing can help you manage your diabetes and may lead to better glucose control.

### Take Advantage of this great offer

To help you monitor blood sugar levels, your pharmacy benefit plan has a free meter program. With this program, you will be able to get a blood sugar meter at no charge to you. You and your doctor can choose from select OneTouch® meters. For more details, call customer service at the phone number on your benefit ID card, or you can also call the meter manufacturer.

#### How to get your free meter

- 1 Select the meter that will work best for you after discussing the decision with your doctor.
- 2 Call the manufacturer as noted below, or visit their website.
- 3 The meter will arrive by mail 3–7 days after placing the order.

Don't delay. Talk with your doctor about choosing the appropriate OneTouch meter for you.

UnitedHealthcare members are eligible for a free blood glucose meter that accepts UnitedHealthcare Tier 1 test strips.\*
