

# Steps for Safety Boot Program

With you every step of the way.

We are committed to maintaining a safe work environment by ensuring employees are assisted with the purchase of their safety footwear.

Eligible employees will be given a **\$125 allowance** to purchase new safety footwear. Any amount past this allowance you will be responsible for at the time of purchase, including taxes. You must also provide your government issued identification at the time of purchase. Purchases are no longer completed through a P-Card or payroll deduction, instead you are given a voucher via text or email from your supervisor.

For more details, reach out to your supervisor or Ava Hudnall (Risk & Safety Coordinator) at 281-420-5846.
